Mr. Ballou, of Lynx creek, was in town again yesterday, and requested us to state that he will hereafter devote his time and attention to carrying supplies to the miners of Lynx and Hassayampa creeks, who are, just now, too busy in their claims to think of coming to town,

He said that Hurst & Co., of Lynx creek were, on Thursday last, about ready to start their arrastras.

Having, early this week, visited Big Bug and witnessed the running of water wheels and arrastras there, he came back with a high opinion of the camp and its golden prospects.

Any miner who may wish to subscribe for the WEEKLY MINER can pay the money to Mr. Ballou and the paper will be sent.

SCPERVISORS .- At a recent called meeting of this body, Col. C. P. Head was appointed to fill the place of Mr. Brooke, now absent in California. The Colonel has qualified. He will, we feel certain, make an excellent supervisor. The board—composed of Dr. Geo. D. Kendall, Thos. S. Ruff and Col. C. P. Head, will meet in regular session Monday

The new chapel at Fort Whipple will be dedicated to-morrow (Sunday).

John Laughlin asks \$2,500 for a small wooden house and lot on Montezuma street, which fact goes to show that Prescott property is increasing in value.

(From Monday's Dally.)

We learn that it was mainly through the efforts of Gen M. P. Small, acting chief town yesterday and is the guest of Mr and quartermaster of the Department of Arizo- Mrs Levi Bashford. ns, that the small sum recently set apart for building and repairing houses at posts in this Territory, was allowed.

STEREOSCLPIC VIEWS .- Mr. D. P. Flanders, photographer, now of this place, has very kindly permitted us to look at some sixty stereoscopic views taken by him on the way here from Los Angeles, California, and since his arrival in this section. Views of the Clolerade river, at and near Port Mohave; of Hualpai Mountain, Prescott, the valley of the Verde river; the Indian agency, with its 1,230 savage Apaches, who stand, six and he at the operator and his "masked battery," will give people who have never visited Ari zona, several ideas of the country, its scenery and people. The prettiest views, to our notion, are those of Prescott, in winter and Prescott in summer; those of that Arizona Mr Augustus Elliott arrived here recently Prescott in summer; those of that Arizona wonder, Montezuma Wells, and of that most beautiful of mountain streams, Beaver creek, with its semi tropical tree adornments. But, we are smitten after the entire collection, and for the cost.

Mr. D. O'Leary arrived in town Saturday evening, from his farm on Walnut creek, near old Camp Hualpai. The only item he had to relate was that a man named Dowd recently saw a Hualpai Indian running loose near Oaks and Willows. Dowd talked Indian to the Indian, who responded by saying " Hual-pai," as he rushed for the hills.

Grant's mail wagon rattled up to the postoffice early this morning, with several sacks filled with letters and papers, considerable "express" matter and last, but not least, two passengers soldiers.

Social Paury.-Miss Ida Burnett gave a nice party to several of her friends, Saturday fast, at the residence of her mother, in

M. M. Herbert, sheriff and ex-officio tax-collector of this county, collected, during March, a little ever \$500 on account of licese and poll-taxes.

Auctioneer Fisher succeeded, Saturday last, in selling personal property belonging to the late A. C. Williamson.

Mr. T. W. Boggs informs us that he has just finished plowing the old Dickason farm, lower Agus Fria, and will soon commence to plant corn, barley, wheat, etc.

Mrs. Ges. Bangkert of Chino Valley, came to town Saturday feat, with Mr. Ed. Whit-lock, and thinks of passing the week with

her daughters here. STRRLING MINING COMPANY, - Mr. M. Wormser, agent of the above named company, warns persons to keep their hands off

the property of the company. See his notice to this effect in advertising department. Wm. Jennings arrived here recently, from

Cherry creek, with a nice lot of gold, which he pounded out of rock down there.

A Mr. Berry and family started, yesterday, for Mohave county.

John A. Kimler has just arrived from Verde, with a small band of cattle. He speaks highly of Mr. Marr's station on Lynx creek.

A. A. Surgeon H. M. Mathews, Mrs Burns and Mrs Trout arrived from Camp Verde on the 4th. Mrs Mason, wife of Col Mason, is expected at Whipple sometime this week.

WEATHER. - High, disagreeable winds from the southwest have prevailed here since sometime in the night of Saturday last. At this writing, 2 o'clock p. m., the wind is as

MORE COUNTY MONEY .- District Attorney Cartter, to-day paid into the county treasury about \$400.00, on account of delinquent taxes for the year 1873.

Supervisors Kendall, Head and Ruff met at 10 a.m., to-day, and settled with the sheriff, treasurer and other officers. [From Tuesday's Daily:]

WILLIAMSON VALLEY. - Messr Warles H. Hopkins, Cornell and Standifer came to town yesterday, from Williamson valley. Meeting Mr. Standifer last night, he gave us the fol lowing account of the recent affair between himself and Mr. Donahugh :

On the evening of March 30, about the hour of 3, Donahugh stood at the corral cor-ner and drew his gun, but did not shoot. And on the same evening, about the hour of 8, he did stand for me a short distance below Bean's ranch, and in or very near the road, and did shoot at me with a needle gun.

While making the tour of Bradshaw, "Jeff" Davis called at Geo. Monroe's camp on Humbug creek, and found about twenty men, all engaged in taking out and arrastraing ore. George had just arrived from Wickenburg with 12 animals laden with provisions, etc. One company claimed that their rock was paying at the rate of \$150 to the ton. The ledges in the vicinity are small but very rich.

Mr. Davis thinks very well of the mineral belt on and around Castle creek.

WEATHER. - This ever recurring topic again forces itself upon us. The southwest wind spoken of in yesterday's paper, went down with yesterday's sun, and is now succeeded by cutting blasts from the north. April, so far, has been much meaner than March, in this section. Indeed, some people say that March in Arizona is not March, at

Col. H. A. Bigelow called at our office yesterday evening, when, in the course of con-versation, we learned that bimself and partners in the Bashford mining claim, Lynx creek, have, in a very short time, taken out the nice sum of \$788.00. Aleck Harris, one of the owners of this claim, came to town Saturday last, with \$32.00, which was his share for less than six days' washing.

Messrs. Wm. A. Linn and N. C. Sheckles

Mr. John Dickson, of Skull valley, has recently favored us with considerable subscription money, accompanied with a note of encouragement, both of which were very acceptable, coming at this time, and from so good a granger. Hope his example will be speedily followed by all who are indebted to

Yesterday's dispatch from Wickenburg stated that Fred Henry and other prospectors had arrived there from the Gila section, where they found pretty rich diggings. Fred is a "terrible" rustler.

Mr Jaycox, an old prospector, Indian trailer and fighter, came to town yesterday, from his mine, near the Santa Maria, in which he

We, yesterday, had the pleasure of shaking the hand of a good man and Army offi-cer, Lieut Woodson, of the Fifth cavalry, who, with his wife and family, has just re-turned from a short visit to his relatives in Kentucky, and who will shortly start for Camp Grant, the post to which We has been

We also made the acquaintance of Lieut Heyl, who appeared to be an energetic young

MoVormser started for Phoenix in the mail buckboard which left Prescott this morning. We came very near going "mit" Michael, and would have done so but for the fact that we were not ready.

RECENT ARRIVALS .-- Mr M Goldwater, and Julius Rodenberg and wife, arrived here a short time ago, in Mr Hussey's stage, via the Hardyville route. Mr and Mrs Rodenburg are direct from Germany, Mr Goldwater from Phonix, Ehrenberg, Camp Beale Springs and other points in the Territory. Mr Robert Meacham came in Mr Hussey's

conveyance as far as old Camp Hualpai, He will be in Prescott in a day or two.

WEATHER .- The wind storm played itself out last night, and to-day is fine enough for anybody.

Almost all the legal and much of the medical talent of this vicinity will soon be at Phonix. [From Thursday's Daily.] Don't Like Ir .- We hear it said that our

present board of supervisors are, to a man, in favor of cutting of all rents for county offices. The officers who would be effected by such a move are of the opinion that the county most furnish them with offices. The tog of war will come at next regular meet-

We understand, too, that said Supervisors are in favor of annulling the contract with George Lount, for the crection, adjoining the present court-house, of another building, and of erecting a building that would be a real court-house and jail, in, or near the centre of the plaza. To this project, many citizens of Prescott are opposed, especially those who wish to see said plaza divided into lots and sold. Not having any money to invest in lots, we cannot say that we favor this idea.

It is said that a gentleman who came here, recently, from Chloride, Mohave coordy, has concluded to build a brewery, just as if Presentt was not already well supplied with beer. But, town and country are "growing" and this gentleman may know what he is about.

Miners in Weaver and Walnut Grove dis-

ACCIDENT TO A MINER.—Yesterday, as a miner named Jos. Taylor was working at the bottom of the Salvador mine shaft, near Prescott, one of the windlass supports gave way and fell upon him, hurting him pretty badly in the forehead. A physician was called to see him,

Mr J. W. Strauchon, who has charge of the telegraph office at Fort Whipple and general superintendence of the line, will, in a short time, examine the institution, with the view of making necessary repairs, etc. Mr S. has been here but a short time, yet, has made himself a general favorite by close attention to business and gentlemanly conduct.

We have not been ourself for the past few days, and have some idea of trying the skill of the pro tem medical director of this military department, who, in the absence of Surgeon Magruder, has charge of the drugs and things of the department. WE CHALLENGE THE WORLD.

DR. HENLEY'S

Celebrated IXL Bitters THE BEST TONIC IN USE.

THE REASON WHY.

The question is daily asked by thousands of our citizens, "Why is it the IXL Bittees have achieved such popularity with the public, and have such an immense sale?" The reason is because they are as old and well established article, and are made from the most choice herits and roots; the many who have tried lines, testify to their beneficial qualities, and have no besitation in recommending them to their afficted friends.

They are acknowledged to be the best tonic and recuperator known; they build up the system, and impartializing to the weak and exhausted, and are endorsed and recommended by our mest emissed Physicians, (as per certificates on each bestle). To those afflicted with the Dyspepola, indigestion and Lose of Appelite, as a blood purifier they surpass all other so celled tonics which have lately been placed in the market.

In family should be without them. Sold everywhere.
